

**SERRANO WATER DISTRICT
DIRECTOR, DIVISION 5**

JERRY L. HAIGHT

AGE: 62

OCCUPATION: President - ABC Marketing; Sr. Vice President - Thrifty Oil

My business experience has been crucial in the successful management of Serrano Water District as well as Irvine Lake. My goal is to keep the residents of Villa Park supplied with the best quality drinking water at one of the lowest prices in Southern California. I was instrumental in the installation of a state of the art security system throughout the entire district. As a Commissioner on the Orange County Sheriff's Advisory Council, I work closely with law enforcement to maintain the safety of the drinking water that is supplied to the city of Villa Park. My highest priority is to ensure a secure and steady water supply to the city.

I am married with 3 children, and have been a resident in Villa Park for 18 years.
